explores the rich history and ornate styles of these beautiful wares as well as the key role they played in renaissance society

this is the first comprehensive history of conscription and the military in Italy from the restoration to the eve of WWI the comparative and transnational approach enables this work to compare and contrast the Italian experience with that of many other countries in the world as well as understand transfers and the adaptive and imitative processes that emerge when conscription and the military are viewed from an Italian perspective peacetime and wartime recruitment military life culture justice and civil military relationships are analysed using a wide range of sources and an interdisciplinary approach that combines top down and bottom up perspectives this enables the book not only to assess the contribution the military has made to the country in terms of state building nation building modernization pedagogical and disciplinary models gender identity and roles but also to reconsider the standard taxonomies as well as some established evolutionary models of the armies moreover the Italian military is seen as an internally complex world that is incapable of defining its own one dimensional identity or of imposing any such identity on its members consequently it is an element in the history of a country that is substantially the same as any other such element and thus important in people's

collective and individual lives whether or not they are in uniform rather than being an object of study in and of itself the military becomes a vantage point from which to observe the Italian history in the long 19th century therefore this book can be profitably read by professional military historians and non specialist readers interested in the military as well as by all scholars working on Italian pre and post unification political institutional socio economic cultural and gender history

this book examines the legal challenges posed by generative artificial intelligence AI in copyright law focusing on Indonesia while using the European Union EU as a benchmark it explores whether AI generated works should qualify for copyright protection how rights over these works should be allocated and which stakeholders should be recognised in the process by addressing these critical issues the book provides a framework for balancing legal protection with public interests offering insights for policymakers legal scholars and intellectual property practitioners adopting a comparative and socio legal approach this book analyses Indonesia's evolving copyright landscape alongside the EU's response to AI generated works while Indonesia prioritizes AI development its copyright law remains rooted in human authorship creating legal uncertainties for AI generated works despite the significant human contributions involved this book offers a novel perspective on how middle income countries can adapt their copyright systems in response to technological advancements to address the gap in existing copyright law potential protection models including *sui generis* rights and neighbouring rights are examined these alternatives advocate for a balanced approach that fosters innovation while safeguarding human contributors through the comparative analysis and policy driven recommendations the book is an essential resource for academics legal professionals and policymakers seeking to navigate the evolving intersection of AI and copyright law Laurensia Andrini is a lecturer at the business law department faculty of law of the Universitas Gadjah Mada in Yogyakarta Indonesia

new diplomatic history has turned into one of the most dynamic and innovative areas of research especially with regard to early modern history it has shown that diplomacy was not as homogenous as previously thought on the contrary it was shaped by a multitude of actors practices and places the handbook aims to characterise these different manifestations of diplomacy and to contextualise them within ongoing scientific debates it brings together scholars from different disciplines and historiographical traditions the handbook deliberately focuses on European diplomacy although non European areas are taken into account for future research in order to limit the framework and ensure precise definitions of diplomacy and its manifestations this must be the prerequisite for potential future global historical perspectives including both the non European and the European world
